Trustee Report: Absent

Athletic Report: Rachelle reported on hosting Tier 2 League Divisionals. Thank you to all the volunteers and coaches, feedback from the division, other teams and parents were good. A few concerns raised were; better communications and organization needs to happen in the future. Volleyball season is coming to an end. Basketball will be starting in mid November, currently need coaches for the senior girls and tier 2 girls. Senior girls will be hosting a tournament on Dec 7 & 8.

Old Business:

1. Community Event with Milk River Museum. Tabled

New Business:

1. SAC operating concession for other events; It was clarified that all concession operations (ie. tournaments, home games and hot lunch) will be organized by Diana. All inventory will be used under one concession. Motion made by Mandy that \$500.00 profit a day from tournaments will be donated back to that sport, Vicki 2nd, all in favor.
2. Reimbursement of money for concession purchases; to improve this process Diana was given cheques to use at time of purchase, receipts will be handed in to treasurer. Also accounts for concession have been opened at Riverside Market and Wholesale Club in Lethbridge.
3. Amend minutes from Sept. 17, 2018 meeting to read \$200.00 instead of standing float, in old business, kitchen supplies. Everyone voted in favour. Passed.
4. Junior High Valubility: Concerns were discussed that there doesn't seem to be as much support or involvement for the younger grades with sports and other school activities. Example: the school pep rally for the high school girls, shouldn't our Tier 2 girls team who made it to divisionals be included or a pep rally held for them. It was concluded that this needs improvement and will be worked on with the school.

1. Concession Report: Diana reported everything is running smoothly.
